

January 7, 2022

Dear school district superintendents and school administrators

As schools are set to fully return to in-person instruction, I am providing the following messaging for you to share with your school communities.

1. Changes to contact tracing for COVID-19 in K12 settings

The Omicron variant spreads rapidly and such, contact tracing is a less effective measure in the timely management of COVID-19. What this means is that Public Health is no longer able to contact everyone who tests positive. Individuals who test positive for COVID
